

The Tashkent International Medical Clinic (www.tashclinic.org) is seeking a **MEDICAL DIRECTOR** (preferably female) with credentials in Family Practice Medicine for at least a 2 year term starting May 2008. The position is in Tashkent, Uzbekistan. The clinic, serving only foreigners, has a client base of approximately 1,000 patients. Duties will entail being a full time provider of high quality medical care, routine/emergency/physical examinations, provide leadership for the medical staff and continue to maintain a 'best practices' methodology.

Our Medical Director will work in co-ordination with the centre administrator to accomplish the goals of delivering the highest quality responsible healthcare to Diplomatic, business, industry and the EXPAT community in an efficient, affordable and accountable manner.

All interested and serious enquiries should be addressed to
